

**Cantilever Information Required To Prepare For A Quotation**

**(Shown below – Double Sided)**

**CRITERIA**

- Single Sided or Double Sided Cantilever?
- Height of Posts
- Centre to Centre Distance of Posts
- Arm Length
- Number of Arms per Post (In addition to Bases)
- Load per Arm
- Do you want Arms to be Straight or Inclined upwards?
- At the end of each arm, do you require a Pin to prevent loads rolling off?
- Overall length of Racking.

**Notes:**

1. Base length is normally the length of the Arm. If otherwise, please specify.
2. Based on your criteria, we will design the number of Cross and Horizontal Bracing.
3. All hardware is included except Floor Anchors. Please specify if Floor anchors are needed.
4. Provide your Layout drawing, if possible.
5. In case of any special design criteria, please specify.
6. Cantilever Racking is NOT a stock item.
7. If delivery and/or Installation is required, please specify.
8. Do you require a stamped drawing/Certification?
9. If Feasible, a Technical Sales Representative will visit you, at NO COST.
10. We can provide a Layout drawing, at NO COST
